

## NEGRO WHO FORCED WAY INTO WHITE WOMEN'S HOME SHOT IN HEAD BY POLICEMAN WINTERS

CHARLES JONES TRIED TO ESCAPE WHEN ORDERED TO STOP BY OFFICER.

AT HOME OF MRS. MARY MOYER

Fellow Forced an Entrance Through Rear Door—Women and Children Alone.

Charles Jones, colored, was shot in the head by Policeman John Winters shortly after Midnight Monday when he tried to escape from the officer, who had been summoned to arrest him at the home of Mrs. Mary Moyer, 514 Sixth street, where it is alleged the negro had forced an entrance and had threatened the three white women living there: Mrs. Mary Moyer, her mother, Mrs. Heckman, and Mrs. William Coakley.

Not Badly Hurt

The colored man, however, was leaning over and running when the bullet struck him and it merely plowed a path along the scalp, not penetrating the skull. The shock stopped the fleeing negro and he was placed in the city jail, being assigned before Justice Clever Gohman this morning on a warrant charging disturbance of the peace. If the evidence at the preliminary hearing, which will be held late today or tomorrow warrants a more serious charge Jones will be held on an amended complaint.

Forced an Entrance.

According to the story told the officers by Mrs. Moyer, who supports her two children, aged six and three, and her mother, by working in the shoe factory, Jones, who formerly lived in the house now occupied by the women, came to the place at 6 o'clock Monday evening giving as an excuse that he wanted a wheelbarrow that he had left there.

He was told to get it, say the women, and they saw nothing more of him until about 11 o'clock at night when he again appeared at the front door and, knocking, demanded admittance. Mrs. Heckman, who had not retired, called to her daughter, and the younger woman went to the door.

Came Back Again.

She did not unlock the door and ordered the negro to leave. With a few words, the women say, he left; but he returned again at about the midnight hour, and again knocked at the front door, stating his intention of coming into the house. Thoroughly frightened, Mrs. Moyer says she slipped on her stockings and a robe when she remembered that the rear door, on which the lock had been broken, had not been fastened.

Pushed Into House.

She rushed into the kitchen, she alleges, and had just reached the door when Jones pushed it open, shoved her out of the way and threatened to "blow her brains out" if any of them made an outcry; he pointed to Mrs. Moyer and said, "There's the one I'm after."

Mrs. Moyer states that she then rushed into the bed room in which her two children were in bed, and as the negro entered the bed room through one door she fled through another and out into the night, rushing to neighbors where she urged the police be called at once.

Molested Women.

In the meantime, it is charged, Jones took hold of Mrs. Heckman, pushed her into the corner and tussled with her until she broke away and out of the house, after which he turned his attentions to Mrs. Coakley.

Officer Winters answered the telephone call for help and with Fire Marshal Coffey, rushed to the Moyer home in an automobile, meeting Mrs. Moyer on the way. She directed them to the rear door, as the one being unlocked, and as the officer entered the back entrance the colored man unlocked the front door and started to run.

Shot to Frighted.

Officer Winters called to the negro to stop, and his command being disregarded he fired twice into the air in an effort to frighten the fellow. But Jones pulled his coat up over his head, ducked low to the ground and ran the faster, whereupon the officer

## TWO MISHAPS ON BRIDGE DAMAGED MACHINES MONDAY

COLLISION WRECKED McFARLAND AND MOLINE CARS IN AFTERNOON.

PROPHETSTOWN CAR INJURED

Broken Tire Caused Automobile to Run Into Side of the Structure Monday Evening.

J. H. Moline and his two children of this city had narrow escapes from serious injury late Monday afternoon when their automobile in which they were crossing the Galena avenue bridge, was the victim of a collision with a big car driven by Packey McFarland, the Chicago pugilist who is a guest at the Galvin cottage in Assembly park.

The accident occurred near the middle of the bridge and resulted in the damage of both machines. Mr. Moline's car being especially badly damaged. Mr. McFarland offered to pay all damages, and accordingly a satisfactory settlement of all disagreements resulted.

Car Broke Down.

The Galena avenue bridge was the scene of another auto accident after the band concert Monday evening, when a machine owned and driven by Elmer Mathis of Prophetstown collided with the side structure, damages resulting which made it necessary for Mr. Mathis to leave the car in Dixon for repairs. This accident was caused by the breaking of a tire which caused the car to turn into the bridge.

## SHERMAN QUERIES BULL MOOSE FOES

U. S. SENATOR WHO SPEAKS HERE FRIDAY NIGHT ASKS PERTINENT QUESTIONS.

MOOSE AIDED HIM IN 1912

Sherman Says His Views of Political Issues Have Not Changed—He Was Good Enough Then.

Chicago Tribune: United Senator Lawrence Y. Sherman has decided to run the parallel column on the progressive party leaders who are now backing Raymond Robins and are attacking the senator's past record.

The senator gave out the first installment of "historical data" yesterday.

The questions Mr. Sherman is going to put to Harold Ickes, chairman of the progressive committee, Ald. Charles E. Merriam and Walter Clyde Jones are these:

"Did you not come to Springfield shortly before the primary campaign of 1912 and offer to put me on the progressive party slate as your candidate for United States senator? If you did, what has happened to my record in the past two years that has changed your mind? You knew my whole political record at that time as well as you know it today. If I was good enough for you two years ago, why am I not good enough for you today? I have not changed."

Statement by Sherman.

Mr. Sherman's formal statement says in part:

"With Harold Ickes heading the progressive state committee as chairman and urging Robins' election, a circumstance is called to my memory."

"Shortly before the primary campaign of 1912, during some time in August, Prof. Merriam, Harold Ickes, Walter Clyde Jones and E. B. Fletcher came to my house in Springfield, Ill. They desired me to become a candidate for United States senator and tendered me their support."

"I knew their views on certain matters and told them I did not think they could find me a satisfactory candidate on account of my difference from them on those matters. They asked me to state my views."

"I told them I was irreconcilably opposed to the recall of judicial decisions and of judges. On the initiative and referendum, I informed them, the general promiscuous use of them I would oppose. If their use were limited to vital and elementary subjects on high percentages so that detailed legislation would not be submitted, I favored it."

Sets Forth His Idea.

"I enumerated the contents of a section in a constitutional amendment that would embody my idea. It would specify matters on which an issue could be had. I mentioned the state bank act, the debt making power, tax levies and general incorporation laws."

"I reminded them that the primary and the election ballot were becoming so lengthy the voter was confused. I told them it would be harder for a voter to decide on the merits of many abstract propositions than to choose between many candidates."

"Jones and Merriam both said I was sufficiently progressive for them and tendered me their support. Ickes concurred in what they said. The views I expressed I have stated publicly many times, and they are now my views."

POSITION IN CHICAGO.

Roy V. Monahan, son of Mr. and Mrs. M. C. Monahan of this city, who has been in the employ of the drafting department of the I. N. U. for some time, has gone to Chicago where he has accepted a good position with the Peoples' Gas Co.

## U.S. MARINE BAND DEMONSTRATES THAT IT IS WITHOUT PEER

EIGHT THOUSAND PEOPLE DELIGHTED WITH GOVERNMENT ORGANIZATION.

PLAY REMARKABLE PROGRAM

Was Thoroughly Musical and Was Rendered in Most Artistic Manner.

The United States Marine band played to the largest paid audience it has ever delighted when it appeared at the auditorium at the Rock River Assembly ground in this city Monday evening, and at the same time "The President's Own" demonstrated that it is without a peer in America; that the national band can be a source of pride to every American citizen.

From near and far—there were folk here from Iowa and Wisconsin—hosts gathered to hear the one American band, the musical organization which is fostered by and is in the service of the United States. Perfect roads, a perfect moonlight night and the great band drew automobile parties from miles around, and long before the concert started there were at least 8,000 people on the grounds, drawn there by the entertainment sponsored by the Young Men's Branch of the Dixon Citizens' Association.

A Wonderful Organization.

The United States Marine band is a wonderful musical organization; and the people of Northern Illinois were given proof of that statement by the par-excellent concert given last evening. Perfect tonal balance, complete instrumentation, artistic and understanding direction and the thorough ability of every member, have given the United States a national band of standard merit.

The program played by the organization Monday evening was of more depth and required more from the director and from each individual musician than the programs presented by the average concert band; for every programmed number given last night was a standard composition, the complete entertainment bringing forth the finished qualifications of all the bandmen.

Complete in Its Details.

And Director Lieutenant William H. Santelmann and his sixty musicians responded nobly to the requirements of the "heavy" program. Wagner's old, but ever new, Tannhauser overture was the opening number. The grand Pilgrim's chorus was never played better than by "The President's Own" and the technical.

The case of Britton vs. Brierton, to determine the right to certain property in Amboy, which was tried before a jury in the county court Monday, went to the jury at 11 o'clock this morning. At 2:30 o'clock this afternoon no verdict had been reached.

Divorce Granted.

The day was decidedly quiet in circuit court, the only transaction of public business being the granting of a decree in the divorce suit of Daisy Wragg vs. Willis Wragg.

(Associated Press)

Naco, Ariz., Oct. 6.—Private Bradford, a United States cavalry patrol, was seriously injured by a bullet from the trenches where Gen. Hills' troops are defending Naco, Sonora, Mexico, just across the border, from the attacks of Gen. Maytorena.

Maytorena Pushed Back.

Naco, Ariz., Oct. 6.—Fighting at long distance has been continuous between the Carrista forces holding Naco, Sonora, and the Villa forces under Governor Maytorena, who attacked the town Sunday evening. During Sunday night the fighting was heavy, but at daylight the Maytorena forces retired, continuing their fire from a long distance. As dusk approached this evening the attack was renewed with vigor.

## HEAVY VOTE CAST IN PARK ELECTION

WOMEN ARE SHOWING CONSIDERABLE INTEREST—ACTIVITY ON BOTH SIDES.

Today's special park election proved to be an eye opener for both sides of the argument and an especially heavy vote is being cast in all parts of the city. At 3:15 o'clock inquiries at the various precinct voting places proved that the votes at that time were as follows:

First precinct, 217 men and 126 women.  
Second precinct, 211 men and 101 women.  
Third precinct, 158 men and 58 women.  
Fourth precinct, 208 men and 123 women.  
Fifth precinct, 275 men and 145 women.

This vote is greater than has been cast in Dixon for some time and indicates at least that there is a tremendous interest in the election. A large number of women are voting but whether this will materially change the result is a matter of dispute.

"Phone the Telegraph, No. 5 before 6 o'clock to get returns. Bulletin will be posted on the Telegraph bulletin board at the corner of First street and Galena avenue."

## CAVALRY SHORT HORSES

German Horse Troops Mounted on Bicycles Are Now a Common Sight.

(Associated Press)

London, Oct. 4.—An official statement from Paris this afternoon sets forth:

That the left wing of the allies is extending more and more widely;

That strong German cavalry has appeared in the vicinity of Lille;

That between the rivers Somme and Oise there have been alternate advances and withdrawals;

That the German attack near Lassigny has failed, while north of Soissons the allies have advanced;

That along the rest of the battle front there have been no changes.

CONFIDENCE REMAINS.

A news dispatch from Paris says that confidence of the ultimate success of the allies is undiminished, while, without repose or sign of a truce, the tremendous battle of millions continues.

LONG LIST OF DEAD.

The lists of dead printed in newspapers are growing, and all Paris newspapers print dispatches announcing the prayers for peace which were offered in America Sunday. The Gaulois and the Libre Parole says that France could well imitate Wilson's example.

BRITISH OPTIMISTIC

Great Britain is described as being optimistic concerning the nature of revelations which will be made when the curtain of secrecy is drawn aside.

VON MOLTKE NOT REMOVED.

There is no confirmation from any German source of the reported removal by Emperor William of Field Marshal Von Moltke.

FRENCH IN ALSACE.

French troops are well established in Alsace, according to news dispatches, and they are also well fortified in the Vosges.

IN WATER 37 DAYS.

According to the Norddeutsche Allgemeine Zeitung, which publishes a reported statement: "Officers and men have for 37 days been facing difficult situations rendering superhuman services in the water-filled trenches in the Vosges. Chaplains even preach their sermons in trenches."

RUSS THREATEN HUSZT.

The second Russian army is threatening the town of Huszt in eastern Hungary; but there is no news of any kind from the German-Russian frontier, where a battle of vast proportions than the one in France is said to be about to begin. Emperor Nicholas is at the Russian front and the impending combat may become of supreme importance.

IF RUSSIA WINS

A great victory for the Russians would compel the Germans to divert some of the western armies to the east and flank movements by the allies in France would crumple up the depleted German lines.

IF GERMANS WIN

If the Russians are defeated some of the veteran German army corps could be sent to France where the Germans would then be able to pierce the numerically inferior lines of the allies.

CAVALRY ON WHEELS.

As enormous wastages of horses progresses the possibilities of the allies' flanking movements increase. German cavalrymen on bicycles are already a common sight.

Belvidere, Oct. 5.—Lois Craig, fourteen years of age, and daughter of Otis Craig, whose home is at Harrison, Winnebago county, met death in front of an automobile Tuesday while on her way to attend the Shirland high school. The car was driven by Emil Anderson, a former Rockford saloon keeper who now owns a farm near Shirland. Anderson was taking some workmen from Rockford to the farm. The girl was walking on the rather narrow road leading to the Sugar river bridge. Anderson claims he gave a warning signal with his horn and the girl stepped out the road. She then stepped back again according to Anderson. Her skull was fractured and in spite of the efforts of three physicians she died within a few hours.

The father of the dead girl is at Rochester, Minnesota, where the Drs. Mayo were to perform an operation for the removal of cancer from his face.

The villages of Harrison and Shirland were shocked by the terrible accident. Everybody in the neighborhood loved the bright and attractive girl who met such a tragic death and there is a feeling in some quarters that Anderson might have avoided the tragedy by more careful driving although he claims he was not driving fast.

WHITMAN IN ANANIAS CLUB

Roosevelt Says District Attorney Lied About 1912 Support.

Yonkers, N. Y., Oct. 6.—Colonel Roosevelt handed District Attorney Whitman his "credentials" as a member of the famous Ananias club in his first campaign speech for Frederick M. Davenport, the Progressive candidate for governor before 800 people at Philadelphia hall. "Mr. Whitman told me very ardently," the colonel said, "that he had voted for me in 1912. He has since denied it. He certainly could not have told the truth both times."

The colonel did not mince matters in discussing Mr. Murphy and Mr. Barnes and charged that the district attorney, "represented machine politics, the type that tries to shield itself behind vague phrases because it lacks the courage to come out in the open."

The Wants have helped many.

## NEW KINK FOR DRUMMERS.

Moving Picture Machines to Help Them Sell Goods.

To bring a machine to the buyer's office and to show it in action without the noise and grime of the factory is virtually what is suggested by an Indianapolis company. The company manufactures a motion picture machine of a size fitting into a salesman's travelling case.

In addition to enabling the sales man to enter a prospect's office and give a demonstration of the machine in operation, says the Iron Age, films may be shipped to prospective buyers when it may not be necessary to send the entire machine. Then the film can be shown at the regular motion picture institution of the neighborhood at little cost.

The picture machine is equipped with an attachment for showing single slides, which of course may be colored or may be reproductions of drawings to elucidate features of the design not conveniently explained with motion picture. Of course with a motion picture machine the reels may be stopped at any point and a definite operation studied with care.

The possibilities of the application of the motion picture machine are of course great and it is interesting to add that the company has had such a degree of success in introducing the machine that it expects to have a plant of double present capacity for turning out films, slides and picture machines.

A Clock of 1790.

An interesting specimen of a long clock, made in 1790, is owned by a gentleman at Lutterworth. It has an oval face, a hand which points to the days of the week, completing the round in seven days; one which shows the true dead beat, and another which points to the chimes and quarters.

On the upper part of the clock is a small orchestra, which includes a flute, a cello and two violins, and a boy and girl in addition to three singers. The hours and the quarters are struck and every three hours a tune is played "three times over either on the bells alone, the lyricord or on both together," while the three figures beat time and the boy and girl dance to the music.—Westminster Gazette.

Shoplifter in Harem Skirt.

Miss Louise Chauvel, who dwells in the Avenue du Maine must have been ill advised regarding the harem skirt before she entered a large store department. She evidently forgot that the detectives there, like everybody else, could not but watch her neat and easy steps. They did so to some purpose, for the various articles she slipped into the capacious "bags" she was wearing betrayed her by their bulging.

Miss Louise slept that night at the Depot as the consequence, for when arrested her "pockets" were found to contain thirty-seven objects which she is alleged to have obtained without payment.

Lost Ring Returned After 26 Years.

Mrs. George Wrigley recovered in a mysterious manner her wedding ring which had been lost for twenty-six years.

While en route on a train from her home in New Brunswick, a young bride with her husband, her wedding ring mysteriously disappeared.

A letter was handed to Mrs. Wrigley at her home by a strange youth. After delivering the missive the boy drove away before he could be questioned. The ring was accompanied in the envelope by an undated and unsigned note stating that the writer expected soon to die and wished the ring to be returned to its rightful owner.—San Francisco Call.

#### Glavin-Keane.

An early morning wedding, which came as a distinct surprise to the many friends of the contracting parties, was solemnized at St. Patrick's Catholic church at 7 o'clock this morning when Father Foley united in marriage Joseph Glavin and Miss Kate L. Keane, both of this city. The happy couple were attended by Mr. and Mrs. Otto Peters of this city, and immediately after the service they left on the Sterling passenger for a honeymoon tour. They will return to Dixon to make their future home at Fourth street and Ottawa avenue.

Both Mr. and Mrs. Glavin are very popular among a large circle of friends, and the heartiest congratulations of all will be extended to them. For several years Mrs. Glavin as a member of the millinery firm of Keane & O'Malley, was one of the city's successful business women. She is of a charming disposition which has made her countless friends, all of whom will rejoice in her happy wedding. Mr. Glavin is equally well known in Dixon. For many years he was a resident of Polo, but during the past four years this city has been his home. He is a pleasant gentleman in every respect, is a member of the Marquette orchestra and he, too, will be the recipient of many hearty congratulations.

The first D. A. R. meeting of the year was held at the home of Mrs. L. D. Dement, 421 Peoria avenue, Saturday afternoon. Mrs. Dement and Miss Pankhurst were the hostesses. As the weather was especially pleasant a large number of the members attended.

The meeting was called to order by the regent, Miss Laing, and after the opening exercises the business of the day was transacted, part of which was the election of delegates to the State Conference to be held at Elgin Oct. 22 and 23.

Miss Laing and Mrs. W. S. Block were chosen delegates and Mrs. Collins Dysart and Mrs. M. H. Vail alternates. Mrs. S. S. Dodge then read a paper, "In Memoriam," a beautiful tribute to the daughters who have gone beyond during the past year.

The study for the year will be, "The Women of the American Revolution," and the first paper by Mrs. Hitchcock on "The Women of the 18th Century" was a very interesting description of those days when the hands of mothers, wives and daughters performed the labor that is now done in our factories. As we have been informed a number of times, the object of the D. A. R. is to preserve history, not to make it, to keep the present and future generations reminded of the great work and nobility of their ancestors accomplished through sacrifices and hardships.

Between the numbers on the program Mrs. Dement entertained the guests with music on the Victrola, which was greatly enjoyed by all.

The hostesses served dainty refreshments and this very pleasant meeting was adjourned.

### How To Get Rid of a Bad Cough

A Home-Made Remedy that Will  
Do It Quickly, Cheap and  
Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2½ ounces of Pinex (50 cents worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way.

The above mixture makes a full pint—a family supply—of the finest cough syrup that money could buy—at a cost of only 54 cents. Easily prepared in 5 minutes. Full directions with Pinex.

This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly heals the inflamed membranes which accompany a painful cough, and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Excellent for bronchitis, spasmodic croup and winter cough. Keeps perfectly and tastes good—children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quinine, which is so healing to the membrane.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex," do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Miss Gupitll was wholly unaware that any plot had been laid and so was quite unprepared to greet the merry company of young ladies, employees of the Countryman store, who informed her that she was the guest of honor for the evening.

The time flew pleasantly and just as mysteriously as the guests had arrived, a portion of their number disappeared and when they returned Miss Gupitll was showered with aluminum utensils, and at the same time with a great many questions concerning an event which is to take place in December. The questions brought forth the information that the other person concerned in this December event is Mr. Harry Patterson of St. James. ## ITCHING ECZEMA IS DRIED RIGHT UP WITH SULPHUR

USE LIKE COLD CREAM TO SUB-  
DUCE IRRITATION AND CLEAR  
THE SKIN.

Constant or intermittent irritation produces itching and red, angry Eczema patches on the skin is readily relieved with bold-sulphur cream. The moment it is applied the itching stops and the healing begins, says a noted dermatologist.

It effects such prompt relief, even in aggravated Eczema that it is a never-ending source of amazement to physicians.

For many years bold sulphur cream has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties. It is not only parasiticidal but also antipruritic and antiseptic and nothing has ever been found to take its place in overcoming irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance it instantly stops the agonizing itching; subdues the irritation and heals the inflamed raw skin right up and it is often years later before any Eczema eruption again appears.

Those troubled should get from any pharmacist an ounce of bold sulphur cream and apply it directly upon the affected skin like you would any ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome particularly when the Eczema is accompanied with itching.

#### Courtright-Watson.

One of the latest and brilliant weddings of the fall season occurred this morning at the residence of the bride's grandmother, Mrs. Mary A. Trowbridge, when Miss Ethel Fern Courtright, only daughter of Mr. and Mrs. E. S. Courtright, and Clarence B. Watson of DeKalb, Ill., were united in marriage.

The home was beautifully decorated with cut flowers, autumn leaves and ferns. A bower of greenery with white satin ribbon streamers interwoven throughout formed a fitting place in the room for the ceremony. Huge bowls of cut roses were scattered throughout the house.

Promptly at 11:30 o'clock Mrs. A. H. Hammerstrom took her place at the piano and very beautifully sang "Because" and immediately after as the first strains of Lohengrin's wedding march sounded through the rooms the wedding party advanced slowly down the broad stairway and in the front parlor beneath the beautiful bower of green, and in front of a beautifully decorated altar they exchanged the vows that made them man and wife. Rev. Fred D. Stone of the Methodist church officiating. During the felicitations Mrs. Hammerstrom sang "O Perfect Love" by Barnby.

The bride party then passed into the dining room where a dainty luncheon was served. At 1 o'clock Mr. and Mrs. Watson left for an eastern trip on their honeymoon and will be gone some time.

The bride is a well known Dixon girl, a graduate of the North Dixon high school and the possessor of many true friends due to her charming ways and sterling qualities. She also took a special course in art and manual training at the DeKalb normal school and has for the past three years taught art and manual training in a normal school at Daphne, Ala.

Mr. Watson is the eldest son of Mr. and Mrs. Lincoln Watson of DeKalb and is a graduate of the University at Champaign. He is president of the Chi Beta fraternity and a young man of strong characteristics.

**THE LINCOLN WAY.**  
Not long ago the Telegraph published an editorial concerning the changing of the name of West Fellows street to Lincoln Way. The Telegraph advocated the change. A copy of the paper was sent to A. R. Pardington, Vice President of the Lincoln Way, by his clipping bureau, and Mr. Pardington, after reading the article, wrote a letter to Rev. A. B. Whitcombe. In part he says:

"It might interest Mayor Brinton very much to know that highways equally as historic as any in Illinois, both east and west of Dixon, have all been renamed Lincoln Way. For his information let me call your attention to the fact that several months ago the Boards of Freeholders of Newark and Jersey City, N. J., representing Essex and Hudson counties, after expending about a million and a quarter on the Old Plank Road (known as such for over one hundred years) by concurrent resolution renamed it Lincoln Way. This entirely without solicitation on our part, and a voluntary demonstration of their hearty approval of The Lincoln Highway movement. In so many instances has this been done, not only through towns, but entirely across counties, that it would be useless to enumerate them."

What a long wait we will have before we can have another election. It will be nearly a month. Dixon will seem slow without an election once a week.

**G. O. P. LANDSLIDE COMING.**  
E. O. Phillips, noted political writer on the Chicago Tribune, says in an article concernnng Indiana politics:

That there might be a Republican landslide and a recurrence of political conditions in November similar in all respects to the reaction of 1894 following the election of Grover Cleveland in 1892 is included as a wide open chance in the survey of most of the well informed politicians on the inside of the more than remarkable campaign which is being fought out in the Hoosier state.

In justice to State Chairman Will H. Hays, representing the young blood element in control of the Republican state campaign, this possibility is not the chief factor in the building of the plans looking toward the election of Hugh Th. Miller, former lieutenant governor and the regular Republican senatorial candidate. On the Lincolnian policy of no malice and much charity, the idea has been to rehabilitate and harmonize the Republican party, and a landslide is considered at the Republican state headquarters as a natural result of such a fight.

**STREET SIGNS STILL LACKING.**  
We can't understand why it is that the city commission will not put up street signs on the various corners in Dixon, unless it is that the Telegraph thought of it first. It seems that anything that the commission does not start, is no good. If it would help the project any, we might forget it and let them revive it. It surely is time that something was done to correct the condition. It is nothing less than shiftlessness to have a city the size of this without guide signs at street intersections.

Do you know that there is no sign at the corner of First street and Galena avenue to tell strangers what streets they are on?

**IT PAYS TO ADVERTISE.**  
It has been demonstrated that the way to get a crowd at Assembly park is to book something worth coming a long way to see or hear and then advertise generously. There is no better investment for anybody with anything to sell, whether it be band concert tickets, clothing, flour, automobiles or mouse-traps, than newspaper advertising. Newspaper advertising brought eight thousand people to Assembly park last evening to hear the United States Marine Band.

**G. O. P. MEETING AT LEE CENTER.**  
Tomorrow evening at Lee Center the Republicans will set the match to the gun that will sound the opening salute in the fall campaign for the election of the Republican ticket in county, district and state. Adam Cliffe and States Attorney Harry Edwards are to be the principal speakers of the evening. Either one of them is worth going a long way to hear. They will give the residents of Lee Center and vicinity a talk that will entertain and enlighten them.

There will be music at the meeting and all the candidates will be there from all over the district. Several auto loads will go down from Dixon.

The only bad feature about the U. S. Marine Band concert at Assembly park was the city street car service, which, to be plain, was "rotten." The service between 7 and 8 o'clock, just when it should have been up to the top-notch of efficiency, was pathetic.

The park election has served to relieve the monotony of a foreign war and brings hostilities nearer home, if nothing more.

By WALT MASON

We used to call it gripes, when we had stomach trouble, and all our inward pipes would ache and bend us double. It was a common ill that caused no awe or wonder, and granny's simple skill full soon would knock it under. The poor men in their cots, the rich man in his castle, were often tied in knots, and with the gripes would wrastle. A dose of home-made dope would quell the dire upheaval, restoring faith and hope, displacing pain and evil. But now the doctor comes — his science sure a blight is! — he looks and haws and hums, and cries, "appendicitis!" He promptly spoils your peace, and makes your courage mizzle, as from his old valise he takes a saw and chisel, a cleaver and some dirks, and how the patient hollers, when he removes one's works, and charges ninety dollars! The docs are done with pills, in this and other nations; no matter what your ills, they call for "operations." Lumbago in our backs, the jaundice and hay fever, demand the saw and ax, the hatchet and the cleaver. The druggist's trade is poor, and soon he will be starving; the doctor's only cure, these modern days, is carving.

London, Oct. 6.—Dispatches say that it is officially stated in Vienna that the situation in Russian Poland and Galicia is favorable and that the combined Austrian-German army has forced the Russians from Ohatow and Klimonow toward the Vistula river. **Afternoon Suits are Irrisistably Charming**

Can you imagine anything more becoming than the Bischof model illustrated here? Soft material falls in graceful folds to form the underskirt, the collar and cuffs, while chiffon, broadcloth, so popular this season, is used to develop the accordin plaited tunic and the cape-coat combination. Note how the buttons are used to gather in the fullness at the waist and the sleeves.

There are many others equally as becoming and equally as attractive. If you're looking for a dressy costume that exactly expresses your personality, we are sure you will find exactly what you are looking for in one of these Bischof models.

Roumania cabinet was summoned to consider the communication, but action had to be postponed because of the illness of the king, which is alleged to be a diplomatic illness.

Paris, Oct. 6.—The Germans have undeniably gained ground in the region of Roye at the hinge of the allied line. General Joffre admits a reverse.

The allies' line has bent under tremendous pressure but remains unbroken. North of the Oise, where the battle front forms a right angle, the fighting is violent but indecisive.

Nearby the Germans have apparently failed to check the flanking movement whose point, according to unofficial information, is within sixteen miles of the Belgian frontier, mere menacing than ever to Van Kluck's western communications.

General Joffre's purpose now revealed points to a drive at Mons and Brussels, while holding fast in the main battle line. This contemplates the relief of Antwerp as well as a weakening of the German center necessitated by army corps sent from the center to support Von Kluck.

Along the fortified hills of Champagne, the deadlock continues, but in the Argonne and along the Meuse, the Germans, summoning fresh resources, are sleepless in their efforts to break the allied right wing and so open an urgently needed east and west line of communications from Metz. General Joffre assures the government that the attacks have been beaten back.

The communiques of the twenty-third day of the battle are mere paragraphs of generalities, an indication, invariably of a poignant stage of conflict. The night communique, issued at 11:15 o'clock was as follows:

"The general situation is unchanged. On our left wing fighting still continues. In the Argonne and on the heights of the Meuse we have repulsed attacks both by day and by night. "Grand Duke Nicholas, commander in chief of the Russian army, has sent a telegram announcing the Russian victory at Augustowo to the minister of war to be communicated to General Joffre. General Joffre has sent in his name and in the name of the French army his most hearty congratulations to the generalissimo of the friendly and allied army because of the victory as an indication of future successes."

**Allies Admit Reverse.**

Official admission of the first French reverse for several days, a setback in the region where success was noted Sunday, was contained in the communique of the afternoon:

"On our left wing north of the Oise the battle continues with the utmost violence, the enemy having again been heavily reinforced. The result of the action continues undecided. We have been compelled to give ground at certain points."

"Along the remainder of the battle line there has been no change in the situation."

the grand duchess of Luxembourg has been deported and is now held as a prisoner of war in a castle near Nuremberg. It also says that the Luxembourg army of 250, including its commander, are also held prisoners in Germany.

shot to stop his quarry.

**Struck in Head.**

And an instant after the policeman pulled the trigger the third time Jones turned several somersaults in the air and fell. He was loaded into the automobile and hurried to the city jail, where it was found that his injury was not serious, a mere scalp wound having been inflicted. Accordingly the wound was dressed and the fellow was held for hearing this morning.

**Stories Disagree.**

Stories told by Jones last night and this morning disagree materially. After he had recovered last night he told the officers that he had been at the home of George Collins, colored, where he had been drinking and that he merely stopped at the Moyer home on his way to get his wheelbarrow.

However, this morning he stated that early Monday evening he had given Mrs. Moyer \$3 and that he had anticipated he would be a welcome guest at the home when he returned late at night. The women claim never to have seen Jones before last Sunday when he came to get some vegetables he had planted in the garden while a resident of the premises, and they deny his statement in toto. Jones has engaged Attorney H. A. Brooks to defend him, while States Attorney Harry Edwards will prosecute the case.

The young couple were attended by Miss Vivian Graves and Paul Mossholder, the ceremony being beautiful in its simplicity and impressiveness. The bride was prettily gowned in a blue suit with hat and gloves ecostume.

Mr. and Mrs. Schuck greatly surprised their friends when they announced their marriage. Mrs. Schuck is a very popular young lady, having graduated from the North Dixon high school in the class of 1914, and has many friends who are extending best wishes. The groom is the son of Mr. and Mrs. Daniel Schuck of Palmyra and also graduated from the North Dixon high school. He is a young man of sterling qualities and is the recipient of the congratulations of his many friends.

The report that Mr. and Mrs. D. H. Spencer spent Saturday in Rock Falls in attendance at the corn carnival was erroneous and was published through misinformation. Mr. and Mrs. Spencer were at their home all day Saturday.

## IS VERY ILL.

Antone Julien, a pioneer resident of Dixon, is very ill at his home, Third street and Ottawa avenue.

## SEA FRUIT.

Name of Delicious Little Shellfish of the Mediterranean.

Fruits de mer (sea fruit), this is the comprehensive name by which the numerous little shellfish of the Mediterranean are known; the term affectionate if you will, which the French use in speaking of these contributions of the sea which at their best in Marseilles and all along the Riviera, over the border into sunny Italy.

Marseilles is the great fish market of southern France and Leghorn of northern Italy, while Naples of course is the centre for southern Italy. Along the quays of all three cities an epicure on his rambles will find much of interest and many a new sensation for his palate.

Bouillabaisse, even before it was made famous in literature by Thackeray, was considered the piece de resistance of southern France and matelote de poisson a close second. But for my part the most luscious morsels of the fruits of the blue Mediterranean are the little shellfish which are sold from booths along the quays or in the open air kitchens where amid odors of garlic and oil a whiff of the salt air from the sea and of great masses of wet seaweed upon which the shellfish are temptingly arranged make the nostrils dilate even as the sight of the seductive wares tickle the palate and force one to stop and investigate. Epicure.

Go and hear U. S. Senator Sherman at the Family Theatre at 8 p. m. on Friday.

## GERMANY SEES NECESSITY OF CRUSHING RUSSIA TO INSURE FUTURE PEACE IN EUROPE

(Correspondence of the Associated Press, The Hague, Sept. 16.—The present attitude of Germany towards England, France and Russia, is described in an editorial of the Berliner Tageblatt of September 14, which after admitting that the German advance in the west has been checked, while considerable victories for the German arms have been obtained in the Eastern theater of war, says:

"Europe is to be compared to the back of a cornered bear from whose sides the blood is streaming. We hardly speak of those of us who in the German colonies and in Kiaochow are calling for help. We think of them, but do not speak of them. The English and French newspapers have recently said that the resolution of the powers of the triple entente not to make peace without consulting one another, had made a painful impression in Germany. Between Messrs. Grey, Poincare and Iswolsky surprised nobody here. Those who think calmly knew this before the first cannon shot was fired. But this formal assurance was merely made to show us the futility of this war and our success in France.

"The indications in the French press are that the declaration was also intended to quiet the French people. This Anglo-French-Russian declaration, writes the Petit Parisien, finds a justified echo throughout the allied countries. It will bring the pessimists to silence, who are already shaking their heads and whose fears are an insult to Russian stamina, French endurance and English loyalty. The Petit Journal calls the declaration an answer to the tendency to doubt and to the cowardly and perfidious whispers which during the last few days have made the rounds in the population in favor of a dispirited enemy.

"But we may accept that a favorable presentation of the French successes along the Marne have gained filled the sceptics with hope. There are in France, people, however, who have not been the guests of the czar, who unlike the Paris papers do not gain by supporting to alliance, whose personal fate does not depend upon that of Russia, and whose brain is clear enough to reason logically to clear enough to reason logically to final results. The promise that France is to sacrifice herself to the very last drop for Russia cannot be reassuring to such Frenchmen.

"The Times, in a very beautiful leader, has presented to them, the British resolution not to end this war. 'Whatever happens in the west,' says this article, 'Russia and we will continue the war, if necessary for twenty years.' It is then

## Third Set of Teeth.

Watson Baker, aged eighty-three, of Lynn, Mass., proudly called attention to the fact that he had grown two new teeth at an age when most men are toothless. These teeth were the beginning of a third set and Mr. Baker was confident that he would grow a beautiful set. All his second teeth are double and the two new teeth of the third set are also double. He attributed it all to his general good health, as well as to the fact that he had always eaten a great deal of corn, which he chews from the cobs.—Boston Herald.

## To Trap the Rain.

In a time of distressing drought a harassed amateur agriculturist stepped into a shop to buy a barometer. The shopman was giving a few stereotyped instructions about indications and pressures, when the purchaser impatiently interrupted him. "Yes, yes," said he, "that's all right, but what I want to know is, how do you set the thing when you want it to rain."—Yorkshire Post.

## Objects to Clay.

President Roosevelt is emphatic in his refusal to have a life mask made. The President has no especial objection to being preserved otherwise; he sits for his photo at reasonable short intervals, and has given sittings for the preservation of his likeness in oil. But he has a horror of being splattered with clay and breathing through quills.

## Queen Victoria's Memorial.

The central figure of an "Education" group in bronze, which, with one representing "Industries," has been added to the Queen Victoria Memorial at Liverpool, is an admirable likeness of Sir Oliver Lodge, formerly of Liverpool University, and principal of Birmingham University.

## Land Office Salary.

George F. Pollock, appointed assistant commissioner of the general Land Office in Washington, D. C., did not have even a primary school education until he was more than nineteen years of age. He received \$35,000 a year for purely intellectual work and when still a young man.

The richest family in Japan, known as the Japanese Rothschilds, is worth \$250,000,000.

England has a number of rat and sparrow clubs, organized for the extermination of these pests.

The Wants have helped many.

pointed out, as did Mr. Asquith, that German industry and commerce are in a bad way, a condition which would continue until Germany had surrendered the territories occupied and had paid the indemnities imposed.

"What were the feelings of the French when they read the words of a boaster who talks loudly because he imagines England secure against the sufferings of this war? Twenty years is a long time when the army of the enemy occupies the center of the country! No, even the pledges of the Times are not sufficient to ban the pessimism which made itself felt in France. In all the comment made on the situation there is but one instance that could impress the French. The Petit Parisien asserts that Germany intends to tell the Russian and English: 'We will crush France and will then be ready to make peace with you at the expense of France.' But this assertion is false, and the facts will demonstrate how false they are!

"We are at war with France, because, in consequence of an impolitic alliance, and misled by intrigues, it was brought to the side of Russia. But we are principally concerned with the reduction of Russia. In her direction we see a diminution and weakening of a giant and the making of guarantees—the moral idea of this great war and the grand goal for which, if necessary we will continue to fight for twenty years, even in spite of the fact that since the days of Lemberg we do no longer underestimate the magnitude of the task.

"Even those masters of cheap phrases who do not look death in the eye as do our brave soldiers in the field must realize that only the complete victory of the Germans over the Russians can secure the position of Germany's future and that a peace treaty otherwise would be a scrap of paper without value. As we hope and believe, the moment will come when the affair which France has forced upon us against our wishes will end favorably for us and when we will be in a position to concentrate our efforts against the Russians. We will see then whether the English and French will still have the inclination to drag the war on in favor of Russia indefinitely. One will then have to ask the French: Have those of you who have no personal interests in Russia not paid enough? And then also England will be asked—with most appreciable emphasis: Are you willing to risk more for Russia's might and aggrandizement—if necessary for 20 years?

## OBITUARY

## MRS. NELS PIERSON.

Ellen Nicholson was born in Brobe, Christiana, Sweden, Sept. 5, 1841, and departed this life Oct. 5, 1914, at Dixon, Ill., being at the time of her death 73 year and one month old.

She came to America in the year 1868, and was united in marriage to Nels Pierson in the year 1870, and to this union were born five children. She is survived by her husband and four children, Mrs. Annie Rogers, of Ohio, Ill., Mrs. Alice Jenkinson, of Dixon, Ill., Mrs. Mary Pittman of Ohio, Ill., Mrs. Josie Meurer, of Amboy, Ill., and Nellie B., who preceded her in infancy, one niece Jeanette Seigren and seven grandchildren.

She bore her sufferings with a Christian attitude for nearly five years. She was a kind and loving mother always ready to help those in need and she will be sadly missed in the home.

The funeral will be held at her late home on 301 Cedar street, Dixon, Wednesday afternoon at 2 o'clock and will be conducted by Rev. L. S. Kidd of the M. E. church of Ohio, Ill., of which she was a member. Interment will take place at Oakwood cemetery.

We have lost our darling mother, She has bid us all adieu, She has gone to live in Heaven, And her form is lost to view, Oh! That darling mother, how we loved her, Oh! how hard to give her up, But an Angel came for her, And removed her from our flock. (Contributed.)

Friday evening at the Family theatre United States Senator Sherman will address the residents of Lee county.

## U.S. MARINE BAND DEMONSTRATES THAT IT IS WITHOUT PEER

(Continued from page 1)

nical rendition of this standard and difficult overture was performed without a hitch. From then until the Star Spangled Banner brought both band and audience to its feet the musicians proceeded to perform as Dixon people have seldom if ever before witnessed. Popular songs and marches, including Sousa's "Semper Fidelis" which is dedicated to the Marine band, were given as encores.

## Two Great Solos.

Two individuals gained especial mention, along with Conductor Santelmann, Monday evening. They were Mr. Arthur S. Witcombe, cornet soloist, and Mr. Robert E. Seel, flutist.

Mr. Witcombe executed Weldon's "Crenonian Polka" faultlessly, taking the difficult movements and high registers very artistically. He responded to the encore with "In the Candlelight" a pretty gavotte movement which appealed decidedly to the host of auditors.

Mr. Seel played for his first number Popp's fantasia on Abt's "Good Night Sweet Child." The selection was one which required exceptional tonal stability and marvelous technique; but the soloist was more than equal to the task and he too, responded to an encore.

## A Demonstration.

No doubt in the large audience there were many who would have enjoyed the band more fully if more light number had been included in the program; but it must be remembered that in its short trips about the country, the United States Marine band must show more than mediocre ability. It must demonstrate to the people that the official band of the United States is more than a "brass band." Director Santelmann and his very able musicians demonstrate by their thoroughly musical rendition of thoroughly musical programs that the band is in every sense of the word a musical organization; and one of the best musical organizations in the world, and that we of this country have a government orchestral band of equal ranking with the many other institutions in which the United States leads the world.

## Crowd Handled Well.

Although the enormous attendance was a distinct surprise to the young business men who promoted the concert, the evening passed with no disorders and no accidents. Over five hundred automobiles were directed into and out of the park without mishap, while pedestrians were given comfort on the grounds and traffic was so regulated that there was a minimum of confusion in leaving the grounds.

The evening was a grand success—and the members of the band, Director Santelmann and the young business men of Dixon are to be congratulated.

## BERLIN CLAIMS ITS PLANS SUCCESSFUL

Berlin, Sept. 24.—The Germans now claim to have 2440,000 prisoners of war—about 7,000 British, 40,000 Belgians, 100,000 Russians and the rest French.

## WILL MANUFACTURE OUR OWN CHEMISTS

Illinois University Builds at Auspicious Time.

Champaign, Ill., Oct. 6.—The greatly enlarged opportunity for properly trained chemists in the United States is to be emphasized next Friday at the University of Illinois with the laying of the corner stone of the new chemical laboratory on the university campus.

War in Europe has cut off the importation of many kinds of chemical products manufactured in Germany alone, and the university authorities point out the fact that this condition should prove a great stimulus to American manufacturers.

Fifteen hundred students are now enrolled in the chemical courses at the university, and with the increased facilities to be provided with the completion of the new building this number is expected to be greatly augmented. The new laboratory will be 231 feet long, 202 feet deep and will cost \$250,000.

## Temptation

SOME CONCERN IS ISSUING "PIANO CERTIFICATES"

WHILE these are absolutely worthless, and one issued for \$105.00 would not buy a loaf of bread for the hungry, if you will bring them to our store, we will give you more than they are worth.

For each of such certificates for \$100.00 or upwards, we will give you a copy of the "101 Best Songs," a splendid collection of songs for the home, school and meeting, words and music complete.

We are glad to do this for the sake of having the opportunity it will give us of pointing out to you the "nigger in the wood-pile" in all such certificate sales.

Even intelligent buyers are sometimes caught by such schemes, unless they take the time to consider well the amount they are asked to pay in addition to the worthless certificate or due-bill.

Remember this. We sell artistic and standard makes of instruments. It is impossible to buy the same grade of pianos at any lower price than that at which we sell them. And any instrument in our store can be bought on unusually easy terms.

"In a general way. By special train to the West?"

"Taking Rose?"

"So I'm told."

The woman choked upon her anger, but quickly mastered it.

"He shall pay for this!" she asseverated.

"Your father? I wish him nothing more nor less than your enemy," Alan assured her civilly. "But since it seems that he has gone, and Rose with him, if you'll forgive me, I think I'll be going."

"Alone?"

"That one word, uttered with all the significance that this woman knew so well how to infuse into her tone, checked him suspiciously on the threshold."

"Why—yes."

"You wouldn't care for a companion du voyage?" she suggested.

"Oh—really!" he protested.

She held up an arresting hand. "Listen!" she begged.

From the street below came the unmistakable rattle of a policeman's locust on the sidewalk.

"That damned maid," Alan divined thoughtfully.

"The same," Judith agreed with ominous calm. "Has it struck you that you may have some trouble getting away without my permission?"

"I'm not so stupid as not to have thought of that," he countered.

"Then be advised—and take me with you."

"In what capacity, please? As enemy or ally?"

"As ally—you're right; we can't be friends—until we overtake that special train. After that, by your leave, I'll shift for myself."

"It's not such a bad notion," he reflected: "with you under my eye, you can't do much to interfere."

"If I promise," she suggested.

"I'll take your word," he agreed simply. "But you're in for a lot of hard ship, I'm afraid. The one way to catch up with your father is by aeroplane—and I've got one waiting."

She nodded intently. "Don't consider me as a woman when it comes to hardship," she hinted obliquely.

"I've no reason to, going on what I know of you."

"Give me one minute to find my coat and hat."

"In less than that time she was at his side in the hallway."

The police entered by the front door as the two crept out of the area window.

## CHAPTER XXXI.

### Via Air Line.

Not once in the course of the next sixteen hours but a thousand times Alan questioned (and, it will readily be allowed, with all excuses) his sanity in permitting himself to be influenced to humor Judith's insistence and make her a party to this wild aerial cross-country dash.

Between whiles the plane flew fast and high, cutting a direct line, as the crow flies, athwart the eastern and western states.

Chicago they raised as a smudge on the northern horizon about one o'clock in the afternoon; thereafter some little time was lost in descents to ascertain the identity of the many railroad lines that criss-crossed the swimming landscape. Only at the third cast did they succeed in picking up the line of the Santa Fe. And it was some hours later, though still daylight, when they picked up the special train, flying like a bunting across the levels.

There was scant room for doubt that it was the train they sought. Specials are not common. Moreover Alan contrived with considerable difficulty to focus binoculars upon the rear platform of the car, and caught a fugitive glimpse of a white-coated figure with a black face that was watching the biplane in the same manner, that is, with glasses.

The man in the white coat, Alan assured himself, was positively Barcus. And hardly had he comforted himself with this assurance when his sardonic destiny struck the motor dumb.

In response to his look of dashed inquiry the aviator merely shook a weary head and muttered the words: "Engine trouble."

Swiftly the earth rose to receive the volplaning mechanism. Under Coast's admirable handling it settled down almost without a jar, on the outskirts of a city whose name Alan never learned.

For the biplane was barely at a standstill before he was out and, reeling with the giddiness that affects men after long flights, making his way as best he might toward the manager's office connected with a trainyard immediately adjacent to the spot where they had come to earth.

Lavish disbursements of money won him his way against official protests that what he demanded was an impossibility. Within twenty minutes, leaving Coast to follow on when and as best he might, Alan and Judith were spinning through open country in the cab of an engine running light, with only clear track between it and the special.

The several hours that ensued before the rear lights of the special were brought to view were none too many for the task imposed upon Alan of overcoming the scruples of the engineer and fireman.

Another minute, and less than fifty feet separated the two—the special train and the light engine, both hurtling through the light at top speed.

The special primary election held in this county Wednesday did not prove of much interest to the voters of precinct one, Brooklyn, as only 29 votes were cast. Of course the reason for this is easily seen. The precinct a strong democratic one and as neither democrats or progressives had a contest for the office there was but little to attract the voters of those two parties. The contest on the republican ticket brought out most of the voters of that party, otherwise the 29 votes cast might have been much less in number.

On Wednesday, September 30th, at 2 o'clock in the afternoon occurred the marriage of Miss Augusta Arndt to William Halboth. The ceremony was performed by the Rev. F. H. Volker in St. John's Lutheran church of Mendota.

The couple were attended by Miss Hilda Arndt, a sister of the bride, and Miss Clara Halboth, a sister of the groom, and by Messrs. Geo. Kromm and Tony Mathesius, cousins of the bride and groom.

The bride was handsomely gowned in white crepe de chandise trimmed in point lace. She wore a bridal veil fastened with lilies of the valley. She carried a shower bouquet of bride's roses. The ladies attending her were dressed in pale blue silk.

## MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa.—"From a small child my 13 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any."

Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MARTIN HELVIG, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for women's ills.

On Friday evening the schoolmates of Ruth Gehant gathered at the Gehant home to surprise the little Miss on the event of her eleventh birthday anniversary. Games and other amusements were resorted to as a pastime during which refreshments and dainties were served by the mother. Ruth received many presents as a remembrance of the occasion from her little friends. At 9 o'clock the party dispersed, all happy over the enjoyable evening which they had spent together.

## DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur darkens so naturally that nobody can tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

## VILLA'S FORMER ALLIES DESERT

Herrera at Parral Is Joined by General Chao.

## BOTH HAVE 10,000 TROOPS

Sudden Turn in Former Bandit's Fortunes May Compel Him to Take Field—Peace Negotiations Probably Knocked Out—Maytorena Is Pushed Back by Carranza General.

El Paso, Tex., Oct. 6.—Following the defection of Maclovio Herrera at Parral with 5,000 men, General Villa has now suffered the loss of General Manuel Chao and his command, according to advices received here. General Chao, with his command, went over to the Carranza side.

Chao, who was Carranza's governor of Chihuahua and was disposed some time ago in favor of Fidel Avila, was sent by Villa Saturday to Parral with orders, if possible, to capture Herrera, who deserted to Carranza, and in any event to garrison the town. Chao went to Parral, but according to the advices kept on going after he arrived there, his intention being to join Herrera, who, it is reported, will join the Arrieta brothers in Sinaloa.

## Villa Deserters Have 10,000 Men.

The three former Villa leaders control more than 10,000 well equipped men. They have ample supplies of ammunition, having been recently outfitted by Villa. This force combining with Carranza troops in Sinaloa would make a formidable force to invade Sonora and threaten General Maytorena in the rear while he is engaged at Naco in trying to capture that city from General Hill, who is holding the place in the name of Carranza.

## Peace Knocked Galley West.

This sudden turn in the situation, together with the action of Carranza's generals at Mexico City in refusing to accept the resignation of the "supreme chief" is said here to have knocked all peace negotiations galley west and made it necessary for Villa to take the field at once.

Nearly all of the prominent Villa leaders are at Torreón. It is reported that a number of his delegates who were already in Aguas Calientes have returned and doubt is expressed that the conference will be held.

Villa has received in Juarez nearly 10,000,000 cartridges in the last few days.

## DUNNE'S DAUGHTER BETTER

Little Miss Jeannette Goes to Springfield After Six Weeks in Hospital.

Chicago, Oct. 6.—Jeannette Dunne, daughter of Governor and Mrs. Edward F. Dunne, is back at the executive mansion at Springfield, after passing six weeks in St. Luke's hospital, undergoing treatment for curvature of the spine. Both Governor and Mrs. Dunne expressed hope that the treatment would result in a permanent cure, and were delighted at the cheerful optimism of the little patient. The operation on the child's spine is pronounced a success, and from the day it was performed, Aug. 17, improvement was noted in Jeannette's condition.

Since that time little Miss Dunne has been kept abed by the surgeons, who wanted to allow the delicate muscles to grow round the new vertebra which Dr. Porter inserted in place of the affected one.

## NAVAL RESERVE SCORE GOOD

Illinois Marksmen Make Every One of Eight Shots Count in Practice.

Chicago, Oct. 6.—A perfect record in naval target practice was made by members of the Illinois naval reserves in Lake Michigan when they scored eight hits out of eight shots from a moving ship.

The Isla de Luzon, the training ship of the reserves, was used in the practice. Twelve crews, composed of five men each, handled the four-inch guns. The shells weigh thirty-three pounds each. The average score of the crews was 75 per cent.

## COL HARVEY AGAIN FRIENDLY

So Also Is Marse Henry Waterson With President Wilson.

Washington, Oct. 5.—President Wilson and Colonel George Harvey are friends again. So also are the president and Marse Henry Waterson. The famous Manhattan club incident which blasted friendships, filled the newspapers with columns upon columns of statements and made Colonel Waterson talk about fighting a duel, has been forgiven and forgotten. All is serene again between the president and his two editor friends. Reference to the reconciliation between the president and Colonel Harvey was contained in the following announcement made at the White House: "Colonel Harvey, on invitation of the president, spent an hour with him at the White House this afternoon, discussing the general situation."

It is learned that recently Colonel Waterson and President Wilson renewed their old time friendship through an exchange of letters and that intercourse between the two men is now on as warm a basis as ever.

WHY ARE SO MANY DIXON PEOPLE IN THIS CONDITION?

Feel tired out, irritable and depressed? Urine irregular; back weak and painful?

There are symptoms that suggest kidney trouble.

When the kidneys call for help.

Assist them with a tested kidney remedy.

Give them the help they need.

No remedy more highly recommended than Kidney Pills.

Backed by home testimony.

Endorsed by Dixon people.

Mrs. E. Bott, 811 College Ave., Dixon, says: "We recommend Doan's Kidney Pills just as highly now as we did some years ago when we first gave public statement in their praise. I was rheumatic and most of the pain was through my back and kidneys. At night I didn't sleep well and in the morning was all tired out. I was nervous and dizzy and my kidneys were out of order. I tried different remedies, but wasn't helped until I used Doan's Kidney Pills, which I got at Leake Bros. Drug store. They made me strong and well."

Mrs. Bott is only one of many Dixon people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Bott had—the remedy backed by home testimony. 50c all stores. **GERMANS FAIL  
TO DELAY CZAR**

Continued from Page 7.

ians have captured the fortress of Tarnow. Cossacks are raiding within ten miles of Cracow. The czar's southern armies are developing their offensive against the right wing of the Austro-German forces.

In southwestern Poland, in the general region of Cracow, near Kielce, Russian cavalry has defeated German troops sent from France to defend Cracow. Unquestionably a great battle has been begun in that region, a combat which may determine the fate of Cracow and Silesia.

To the north in western Poland, a great force of Germans striking toward Warsaw has been checked and pressed back by the Russians. Simultaneously the Russian central army, now under the personal command of Czar Nicholas, is advancing toward the Posen-Kalisz line with Brest-Litovsk, a railway center on the Bug river, as its base. The cavalry screen of this army is in conflict with German outposts.

**Rennenkampf Holds Germans.**

In the East Prussia-Suwalki field of operations General Rennenkampf, after routing the Germans along the River Niemen and frustrating an advance toward Warsaw from the north-west, has driven a wedge between German columns acting respectively around Druskeniki and Ossowiec and has turned both flanks.

Rennenkampf's large force is obviously struggling to hold at bay the German force at the East Prussia frontier so as to give time for the advance of the Russian central army against Breslau. Petrograd reports that he has been uniformly successful in this strategy.

For the first time there is definite news of the Russian central army, the host which has been preparing for the real invasion of Germany while campaigns in East Prussia and Galicia have served to insure the safety of the flanks. This army, estimated as of 1,600,000 men, is under the command of the Grand Duke Nicholas, the Russian commander in chief, with headquarters at Brest-Litovsk, a railway junction at the intersection of the Bug and Moukavietz rivers.

**Czar at Headquarters.**

The czar arrived at Brest-Litovsk Sunday and was accompanied to the headquarters of the commander in chief and the general staff by General Seukomiloff, minister of war. It is conjectured that the presence of the monarch is for the purpose of a final conference with the commander in chief before the main blow against Germany is launched.

**Is Russia's Best Army.**

Hitherto there has been the utmost secrecy maintained concerning the presence and preparation of this force, which is composed of the flower of Russia's veteran troops. All reports signify that the most important news in coming weeks will concern the advance of this army, since operations in East Prussia, South Poland and even in Galicia are really subordinate to the central campaign against Breslau.

**Russ Fifty Miles in Hungary.**

Your Rome correspondent learns that the Russians have seized all essential passes in the Carpathians and that the advance of the column invading Hungary has progressed fifty miles. It has crossed the River Theiss, seized the railroad to Budapest, and has completely isolated the city of Szeged.

Says German Army Cut in Two. A dispatch from the Matin of Paris says:

"The German army in the east, operating in the Suwalki region has been cut in two. One section has been crushed between Augustowa and Suwalki with losses amounting to 60,000 men. The second section proceeded to Mariampol, which place the Russians have occupied, inflicting enormous losses upon the Germans. The River Niemen is choked with German dead.

"An Austrian column has been decimated at Nimoukitz, leaving guns and mitrailleuses. Many prisoners were taken by the Russians.

"The Cossacks are now ten miles from Cracow."

**Senate Passes Clayton Bill.**

Washington, Oct. 6.—The senate adopted the conference report on the Clayton bill late by a vote of 35 to 24. Just prior to taking that action it refused to recommit the bill to the conference committee on a motion by Senator Reed by a vote of 35 to 25.

**ALLIGATOR PEARS**

One of the Tropical breakfast fruits. Its meat looks like good butter or the potted cheese, and has a sort of a nutty flavor. The pears weigh from 1 lb. to 1 1/2 lbs. They sell for 25c each. This may seem expensive, but you will find that one Alligator Pear will go farther than the same amount of canned fruit. Try one and get acquainted with them. We will keep them if you want them, otherwise not.

Remember, our acquaintance sale of Tuna Fish lasts this week yet. Nearly everybody that tries it comes back for more. It has come to stay. It is a grocery staple; if you are not acquainted with it, let us introduce you to it.
